Other Volunteer Experience:

Volunteer Service Code

In service to the mission of the Marsh House and the larger community, as a volunteer, I
(_____ (signature),

pledge to:

1. Place the mission of the Marsh House above my personal interests in my volunteer work.
2. Serve with respect for the history and context of the House as well as the personal dignity and worth of my fellow volunteers and all customers and stakeholders.
3. Communicate with all parties in a respectful and direct manner. (Speak directly with any person with whom there is tension, conflict, or misunderstanding.)
4. Seek advice and consultation from a responsible worker when I am unsure of information or of what action I should take as a volunteer. (Avoid gossip and chitchat with third parties about conflictual situations.)
5. Attempt to resolve any conflicts with compassion and concern for the welfare of all involved and for the mission of the House.
6. Invite the team leader of the relevant area to mediate if a direct conversation does not resolve the issue. If the team leader is involved, invite an officer of the board to mediate.
7. Take the issue to the Board of Trustees by requesting an agenda item of the President of the Board, if all other efforts at resolution fail.
8. Agree not to use tobacco in the facilities or on the grounds and to inform visitors of the tobacco free policy for these spaces.
